

Model: **BKZ-P**

Material: **STAINLESS STEEL AISI304**

### Usage

- Closing and opening the flow on the emergency channel with circular cross-section
- To be installed at the outlet eg. of treated wastewater to the tank as a component which prevents the backflow
- One-way tightness

Type	Dimensions		
	DN	H	B
BKZ-P 160	160	270	285
